

## OBJECTIVES

International Mining Congress and Exhibition of Turkey which has been biannually organized since 1969, is the most important mining event of Turkey that reached over 1000 participants and brings together academicians, engineers, managers, consultants, decision makers, policy makers, investors, industry specialists, buyers and suppliers from all over the World.

Scientific, technical and social issues will be dealt with during the sessions that will take four days and together with, the latest technological products and developments in the mining industry will be able to seen in the exhibition area.

The Congress will provide new opportunities for delegates with regard to joint ventures and business development through meetings, social and cultural events and tour and field trips.

## CONGRESS DATE AND VENUE

14-17 April 2015  
Antalya/TURKEY

## LANGUAGE

The official languages of the congress are Turkish and English. Simultaneous translation (English-Turkish and Turkish-English) will be provided during the Congress. Papers will be published in the congress proceedings book in both languages.

## CALL FOR PAPERS

Authors who would like to attend the Congress with a paper should submit an abstract not to exceed 400 words, before September 8, 2014 through the "Online Abstract/Paper Submission System" at the Congress website or via e-mail. Authors will be notified about the acceptance of their abstracts before September 22, 2014.

Upon approval, authors will be invited to submit a full paper by January 5, 2015. Papers submitted for publication will be fully refereed. The accepted papers will be presented by their authors in oral or poster presentation sessions according to the referee reports and be published in an e-Book of the Congress. All registered attendees of the Congress will receive one copy as a CD-ROM.

Please refer to the format guidelines at the WEB site for the word template and once you have ensured that your paper meets all requirements you are kindly invited to upload the paper through the "Online Abstract/Paper Submission System".

February 9<sup>th</sup>, 2015 : Final paper submission

## EXHIBITION

An exhibition will be set up in the Congress Hotel for institutions and companies being active in mining and mineral processing industry. It will provide a great opportunity to the participants in respect to information sharing about the developments in mining technologies, new products and services. Further information about the Exhibition can be found on the Congress website ([www.imcet.org](http://www.imcet.org)).

## CONGRESS TOPICS

- Asteroid mining
- Clean Coal Technologies
- Coal Gasification and Coal Conversion Technologies
- Coal Preparation
- Comminution and Classification
- Dewatering and Drying
- Drilling Technology
- Drilling, Blasting, Tunneling and Excavation Applications
- Education in Mining
- Exploration Studies, Mining Geology and Geostatistics
- Geographic Information Systems, Global Positioning Systems and Information Technologies
- Geothermal Energy
- Hydrometallurgy and Biohydrometallurgy
- Industrial Raw Materials and Natural Stones
- Intelligent Mining and Automation
- Methane Gas Production and Methane Drainage
- Mine Closure, Waste Management and Reclamation/Rehabilitation
- Mine Design and Planning
- Mine Mechanization
- Mine Ventilation

## CONGRESS TOPICS

- Mineral-Material Characterization and Process Mineralogy
- Mining and Energy
- Mining and Environment
- Mining and Water
- Mining Economics, Valuation and Finance
- Mining Policies and Mine Legislation
- Modelling, Simulation and Optimization
- Occupational Health and Safety
- Physical Enrichment
- Plant Design and Control
- Politic, Historic, Cultural and Social Aspects of Mining Sector
- Precious Metals
- Recycling
- Risk Assessment and Management in Mining
- Rock Mechanics and Geotechnical Applications
- Shale Gas
- Small Scale Mining
- Solution Mining
- Surface Chemistry and Flotation
- Sustainable Mining
- Undersea Mining
